people

HOW TO SET UP YOUR INSTANT "POP UP" SHELTER™

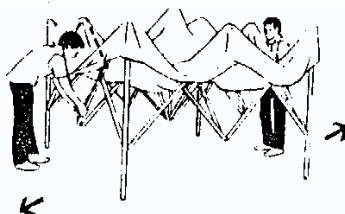

Use
just 2
people

Please read each step before you attempt to erect the shelter!

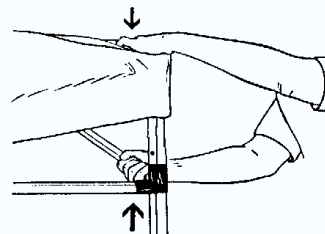

1
Using ONLY 2 people, hold the two outer legs of the Instant "Pop Up" Shelter, lift slightly off the ground and walk backwards, stopping when at full arms length

2
Grasp the bottom of the diamond (shown) on opposite sides. (Place your hands over the "open here" labels). Lift up and step backwards until the shelter is fully opened, being careful not to pinch fingers

3
Push up the black plastic slider at each corner by pushing up with one hand while holding down top of leg with the other hand. Spring pin will engage into the hole automatically. Repeat on all other legs

IMPORTANT INFO

WINDY CONDITIONS: Tether with both guying kit and stakes or the weight bags.

STRONG WIND: Take shelter down
HEAVY RAIN OR SNOW: Ensure roof does not fill with rain or snow or take it down.

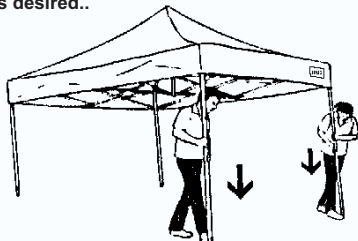

WET FABRIC: Let the shelter dry before closing up and storing.

CLEANING: By hand with mild detergent/cold water & wash off within a few minutes

Do NOT leave unattended

If in doubt, always use the tethering systems for your and other peoples safety.

4
Working side by side, lift two adjacent outer legs up and pull out the inner legs until legs snap locks. Repeat on all legs. Raise or level the shelter using adjustment holes found near bottom of each outer leg by pressing in buttons as desired..

IMPORTANT INFO

WINDY CONDITIONS: Tether with both guying kit and stakes or the weight bags.

STRONG WIND: Take shelter down
HEAVY RAIN OR SNOW: Ensure roof does not fill with rain or snow or take it down.

WET FABRIC: Let the shelter dry before closing up and storing.

CLEANING: By hand with mild detergent/cold water & wash off within a few minutes

Do NOT leave unattended

If in doubt, always use the tethering systems for your and other peoples safety.

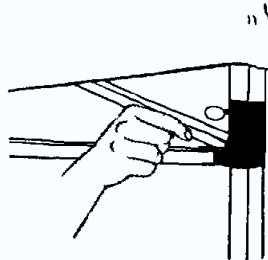

Remember - use only two people to erect your shelter

HOW TO TAKE DOWN YOUR INSTANT "POP UP" SHELTER™

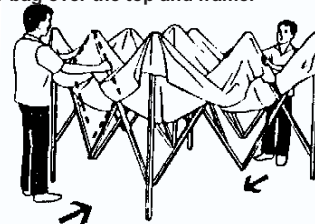

1
Without actually standing on the shelter legs, lift two outer legs slightly, depress snap button and telescope inner legs up into outer legs. Repeat on opposite side

2
Hook your forefinger through the keyring to release the spring pin in each corner. Repeat on all corners.

3
Grasp top of diamond on opposite sides (put your hands over the "close here" labels), lift up, and carefully push in towards your partner, making sure the roof folds in without snagging (Stop before trapping your fingers). The final stage requires the outer legs to be pushed together to fully close up the shelter. Replace cover bag over the top and frame.
